

Quick Start

Build Digital Forms in Minutes

What Is Quick Start?

Quick Start is the fastest way to create mobile forms in GoCanvas®. You don't need to be an expert in mobile forms. Upload a PDF, drag and drop fields onto your PDF, test, and deploy—all in one place.

Who Is It For?

Quick Start is ideal for businesses needing quick, simple digital forms. It's perfect if you:

- ✓ **Want to keep your PDF's look and feel**
- ✓ **Need a basic form without complex logic**
- ✓ **Are new to mobile form tools**

How It Works

- 1 Upload your PDF:** Start with a blank copy of your PDF.
- 2 Drag and drop fields:** Add dropdowns, photos, required fields, and more.
- 3 Test instantly:** Preview the mobile experience and sample report.
- 4 Publish and deploy:** Launch your form in minutes.
